Old Business-

Update on PLC error code from April: AEP could not find anything with the electric at the plant, Wigen did not find anything with the system that would cause the error, and lastly the generator had its yearly service completed.

The Board will need to purchase a new hydrant for in front of the Methodist Church once the money is available.

Everything is ready for the meter replacement at Kiwanis and once the ground dries out the Board will notify the apartments they will be without water. Tyler Howell stated he thought they would complete the meter replacement in June and the Board would be present to help. The Board discussed metering all the units at Kiwanis and at this point, it is not a viable option with cost of meters and supplies. Lastly, when the rates are raised for the tower replacement the Board will charge the increase per unit on the base.

New Business –

The next regular meeting will be June 24, 2018 in the Village Council Room.
